

Prospective Members,

Jack Frediani
BBA '24

MIBC President

Welcome to Michigan and thank you for your interest in MIBC. The entire Board is excited to have you joining us in this year's recruitment process. For some, this may be your first experience with clubs at the University of Michigan, and for others, we are excited to see you again on campus. Nonetheless, we hope to engage in our club's primary mission – education – to help provide everyone the best preparation possible to allow them to achieve their goals. We understand how overwhelming and intimidating it can be to enter campus for the first time. I remember stepping into the Winter Garden for my first Meet the Clubs. I knew nothing about what investment banking was or how rigorous of a recruiting process it involved to secure an offer from any financial institution. Through the interactions I had and relationships I formed during my first years, I was able to learn about different careers and ultimately decide the right career path for me. Now, as a senior, I look forward to passing forward all the advice, insights, learning experiences, and encouragement that everyone before me provided in helping me and my class get to where we are now.

Please do not hesitate to reach out to any of us with questions, concerns, or general inquiries regarding MIBC or clubs in general. The MIBC Board is excited to meet you all and good luck!

Shreyas Arvapally
